

TOWN OF ABINGDON
DEPARTMENT OF PUBLIC WORKS

The Town of Abingdon encourages the use of Low Impact Development (LID) practices for stormwater management. When you have the chance, visit our “Bio-retention cell” at the Town Shop on Kings Mountain Drive and the “Rain Garden” site just a few hundred feet away at the Creeper Trail.

Rain Garden – Creeper Trail

Bio-retention cell – Town Shop

Listed below are some website links to on-line LID information. Considerable information is available; however sorting through it can be somewhat time-consuming. If you do an internet search, you'll get hundreds of hits, literally! But, there's plenty of information on these pages to get you started.
